Fifty-seven years ago, in 1967, Valley Industries, then Florissant Valley Sheltered Workshop, started with 15 employees in a small storefront in Florissant. Today, the workshop provides meaningful dignified employment for 160 adults with developmental disabilities in a 64,000 sq. ft. facility in Hazelwood, Missouri. Valley Industries provides these individuals with an opportunity to be gainfully employed and work to the best of their abilities, to develop skills, and to function as contributing, tax-paying members of society.
